Bangladesch

My name is Sharmin Akhter (15)
I am excited about the youth summit because it will provide an opportunity to meet students from other countries and learn about their cultures. I am particularly interested in attending workshops on topics such as water and the environment, as I believe these issues are critical to our future.

Indien

My name is Isha Patil (13)
I'm having a great enthusiasm for the youth summit. It is an wonderful opportunity for us to make amendment in our country and surely we will make use of this opportunity.

Nigeria

My name is Ogba Toochukwu (15)
I am so happy and very much excited to be among the participants of the 2023 Global Youth Summit in Heilbronn, Germany. The Summit means a lot to me as I will have the chance to join the galaxy of impactful Changemaker, widen my knowledge, expand my social network, and just get to know what life seems like away from my fatherland.

In the run-up from 17.07 -19.07.2023, a future workshop will take place, bringing together schools from India, Nigeria and Kenya as well as three German schools will come together, to jointly develop ideas and visions for a sustainable future.

An art school from Bangladesh will also be present online and contribute its creativity.

The schools will present themselves and their ideas at the 2nd SDG Youth Summit. present their ideas. The exchange and cooperation between the different schools and cultures are invaluable and contribute to creating a more sustainable world.

In the outdoor area there are a variety of actions.
Watch, participate and collect ideas.

These action hotspots are intended to raise
awareness of the topic of sustainability in a variety
of ways.

The above-mentioned actions will be supplemen-
ted by other offers.

Dance, music and small theatrical interludes will
lend an event character to the event.

The Drumcircle will take place in the yurt.
Maybe you are lucky and can join in spontaneously.

The Sketchnote Workshop will be located near the yurt.

**JUGEND
GIPFEL**

The project „Discover future - create future“ has a lead time of almost two years and was developed by students from the Ellentalgymnasium Bietigheim, the Friedrich-von-Alberti-Gymnasium Bad Friedrichshall and the Theodor-Heuss-Gymnasium Heilbronn.

In order to enable as many schools as possible to visit the event, **two classes per school can of secondary level 1 and 2 with accompanying persons can register per day.**

We have a capacity of approximately 500 people per day and are happy to accept additional Students to the waiting list.

We ask that students register individually based on interest and not by class.
It is very important to us that students stay until the end of the event.

To participate in this international Youth Summit, you can register online at <https://changemaker.earth/> to register. The link will be posted in a timely manner.

If you pre-register by email at schuetz@fvag.net or thg-global@thg-podcast.de we will send you the registration link.
